INFO SHEET ENGLISH

Sometimes you just need a little bit of luck. Because of a funny coincidence the long lost original recordings from BONFIRE's appearance at the Wacken Open Air have been discovered. This almost historical piece of music has been sonically updated and will now be released officially.

The German rock legend is releasing the album as a teaser before it's new studio record - planned for the end of the year. Of course, there have been some BONFIRE-live records in the past, but on „Live In Wacken“ you can really find different versions of the band's anthems like „SDI“, „Champion“ or „Ready 4 Reaction“ as well as the song „Wake Up“. An anthem the band hasn't performed live for quite a long time. Besides that „Live In Wacken“ offers exclusive bonus tracks. Live versions of the songs „Bells Of Freedom“, „Let Me Be Your Water“ and „Black Night“ from the acclaimed rock opera „The Räuber“ (previously unreleased on CD), the exclusive studio track „Thank You“ and an exciting new version of the ballad „Hold Me Now“ from the last BONFIRE-studio album „Branded“.

„Live In Wacken“ has been mastered by Maor Appelbaum (Yngwie Malmsteen, Rob Halford, Queensryche) and will be released on the 31st of May 2013 on LZ Records/Sony Music.
