!!! ENGLISH !!!

Taste was formed by the two brothers Christoffer and Felix Borg the day before new year's eve in 2009. First, Taste was only supposed to be a side-project, because both also had played in other groups. But it didn't take long before the Swedes decided to turn Taste into a full band.

During the two following years, they wrote and recorded five songs inspired by the 80's and bands like Europe, FM, Giant, Valentine and White Lion.

Since they never met any suitable band members to complete the line-up and therefore couldn't play live, the brothers decided to record their first full-length album themselves.

Taste had a vision to blend a vintage 80's sound with a fresh modern production. The self-titled album was recorded, mixed and mastered by Christoffer Borg in his own studio and will now be released on CD by AOR Heaven on January 18th.
